Board of Equalization.

COUNTY CLERK'S OFFICE,

WASHOE COUNTY, NEVADA.

NOTICE IS HEREBY GIVEN THAT

the County Assessor of Washoe

county, Nevada, has completed the

assessments of property for the year

1883, and has filed the same with the

Clerk of the Board of County Com-

missioners. That the Board of County

Commissioners will meet on Monday,

September 17, 1883, as a Board of Equalization,

and will hear and determine all com-

plaints made in regard to the assessed

value of any property within said county,

and will change and correct any valua-

tions either by adding thereto or deduct-

ing therefrom, if they deem the sum fixed

in the assessment roll either above or be-

low the true value, and whether said sum was

fixed by the owner or Assessor, except that

in case where the person complaining of

the assessment is unable to give the

Assessor his list under oath, as required

by law. In such cases no reductions will

be made by the Board of Equalization in

the assessment made by the Assessor. The

Board of Equalization will continue in session

from time to time until the business of

equalization is disposed of. But said

Board will not sit after the first Monday

of October, 1883, except that the Board

of Equalization will meet on the second

Monday of October to equalize the

assessment roll and hear complaints in ex-

pected cases mentioned. See compiled

laws, section 313.

## THE NEW RAILROAD KING

Frederick Lovejoy, elected President of the Denver & Rio Grande Railroad, has been 20 years in the service of the Adams Express Co., during the last seven of which he acted as General Manager. He resigned a few months ago. Lovejoy is not yet 50 years of age. During the war he had charge of the express service for all Northern armies, and this difficult business he conducted with exceptional success. He is a man of great executive ability, and is essentially in sympathy and training, a railroad man. His management of the Denver & Rio Grande, and his election will, it is said, bring to the road the support of A. J. Cassett of the Pennsylvania Railroad, A. T. Scott, Drexels and others. To a question put by a reporter, Lovejoy said, "My policy is not at this minute very easy to define. Before formulating it, I must first examine into the property. I shall immediately leave for the west and inspect the lines of the company. My election was the result of a statement of all differences in the Board of Directors." The road is in pretty good condition. Its gross earnings last year amounted to about \$7,000,000, enough to pay its fixed charges and redeem half a million in bonds. Not over a million dollars will be required to put the road in first-class condition. When asked if he would make any changes in the personnel of the company officers, he said: "That I cannot now say, but I shall place at the head of every depot the very strongest man I can get for the position. I shall pursue the policy of vigorous progress, and leave no stone unturned to make the road justify all the hopes of its backers."

## FOREIGN DISPATCHES.

(FROM DISPATCHES TO THE GAZETTE.)

### Waiting for Reinforcements.

PARIS, September 27.  
Advices from French sources, dated Hanoi September 16, state that the Black Flags have abandoned Sontay, and the villages of Bloung and Lugne, and have returned to the left bank of Red river. Several Mandarins have given in their submission to French authority, through Harmond, the French Civil Commissioner. The French forces will undertake no offensive operations until after the arrival of reinforcements from France. No mention is made of the reported defeat of the Yellow Flags by the Black Flags.

### Still Knocking for Ammission.

LONDON, September 27.  
Bradlaugh has addressed a letter to Northcote, in which he says he will again demand his seat in the House of Commons, when re-assembled; and he also charged Northcote with "causing all the mischief growing out of the violation of his (Bradlaugh's) rights."

### Apparently Alarmed.

MONTREAL, September 27.  
A Papal ambassador is now on his way from Rome to Montreal to inquire into the rapid spread of Free Masonry among the adherents of the Catholic faith.

### Prime Minister Ferry and Marquis Tseng had a private conference yesterday.

—Dispatches from Hong Kong discredit the reports of impending troubles in Canton.  
—The reply to the French Memorandum to China, rejects several of the propositions submitted.  
—Three diplomas have been awarded the American exhibitors at Vienna, for electric exhibitions.

### The present government of Bulgaria does not seem to be satisfactory to several European Powers.

—Hart B. Holton was unanimously nominated for Governor of Maryland by the Republicans to-day.  
—The loss of 58 lives and many ships are reported, by the recent hurricane, in the vicinity of the Bermudas.

### The boiler of a steam threshing machine, near Oankia, Minnesota, exploded yesterday, killing three men and wounding five others.

## EASTERN DISPATCHES.

(FROM DISPATCHES TO THE GAZETTE.)

### Fraudulent Land Holdings.

WASHINGTON, September 27.  
During the past Summer the commission of the General Land Office has had in States and Territories where there are large quantities of unsold public lands, a large force of special agents engaged in the detection and investigation of fraudulent entries under the pre-emption, homestead and timber culture Acts. The reports of these agents reveal such a condition of facts, that in all probability the Secretary of the Interior, in his annual report, will recommend the repeal not only of the pre-emption laws, but the timber culture Act also. Among the considerations which it is believed will be urged in this repeal, is that, practically, the actual settler can get a title to his farm as soon under the homestead Act, as under the pre-emption law, and that there is no need of two methods to obtain the same object. While three laws remain, the settler may take advantage of each and acquire title to 40 acres of public land, by paying cash for 100 acres, and taking the remainder under the homestead and timber culture acts, a quantity which, it is suggested, is greater than a settler should be permitted to obtain on such easy terms. That in the present condition of affairs that both the pre-emption and timber culture laws offer a premium to dishonesty, as clearly shown by the great number of fraudulent entries which have been detected.

### Denver Deaths.

DENVER, September 27.  
General Sherman and party, including Justice Grey, of the United States Supreme Court, arrived from Salt Lake, via Leadville, last evening, and were received by the military and grand army.

The price paid by the Eastern Syndicate for the Denver, Utah and Pacific Railroad was eight hundred and fifty thousand dollars. The names of the purchasers is withheld.

While Captain Hawkins and two little girls were out driving, all three were thrown down between the horses. The one six years old was instantly killed; the other little girl escaping with slight injuries. Captain Hawkins will die.

### Nebraska Republican Convention

LINCOLN, Neb., September 26.  
On the 10th ballot M. B. Reese was nominated for Judge of the Supreme Court. The convention is moving slowly. M. S. Hull, J. H. Hyatt and E. P. Holmes were nominated for Regents of the State University. The platform adopted favors a proper protection tariff, a State railroad commission, advocates a forfeiture of the railroad land grants, opposes allowing cattle men to secure large tracts of public lands, endorses the administration of President Arthur and advocates the improvement of the great rivers of the West and South.

### Leased His House.

WASHINGTON, September 27.  
Blaine has leased his new dwelling for a term of years, to a man who will take possession this Fall. Blaine and family will probably pass the Winter in Washington, however, as he is almost compelled to finish his book here. An unusual number of Congressmen are in the city at present, on Department business.

### The Mitchell-Made Fight.

ST. PAUL, Minn., September 26.  
A dispatch from Huron, Dakota, says: Billy Madden of New York, the trainer and backer of Mitchell, the pugilist, passed through the city to-day, en route for New York. It is stated that Madden has been to Pierre making the final arrangements for the fight between Mitchell and Glade, to come off in about two weeks.

### A Worthy Englishman.

CHICAGO, September 26.  
Lord Coleridge visited the criminal court this morning and spent half an hour listening to the proceedings of a murder trial which happened to be in progress. He was then introduced on 'change, and to the State Fair in the afternoon, and in the evening he dined with Hon. Emory A. Storrs.

### Mr. Medill's Testimony.

NEW YORK, September 26.  
Mr. Medill did not use the phrase "High license and high rents" as appears in the day report of his testimony before the Senate Committee. He did say "Healthy dwellings at low rents, high license and personal temperance would benefit the working people."

### Fears Assassination.

LIVERPOOL, September 27.  
James McDermitt, who was recently ordered discharged from custody, refuses to quit the prison unless police protection is afforded him, as he fears he will be murdered unless the authorities make provision for his safety.

### No Good Catholic.

MILWAUKEE, September 27.  
The ceremony of receiving Sitting Bull, the great Indian Chief, into the Catholic Church, which was anticipated to take place this week at Fort

Yates, has been indefinitely postponed, because Sitting Bull can't make up his mind which one of his two wives he will let go, the forms of the church forbid communications more than one. Bishop Moreley has had him under his care for several months, and his instructions were being rapidly absorbed by the Chief, but the separation from his wives proved too much for him, and he will probably return to heathenism.

### The New York Democracy.

BUFFALO, September 27.  
The Democratic State Convention opened under very favorable auspices. The delegates took their seats in a very orderly manner, each one being numbered with a ticket to correspond. As Kelley entered the hall he was cheered by both the Tammany and Irving Hall delegates in the gallery. The delegates arrived in a body, and no preference was shown to any distinct body on admittance.

## WESTERN DISPATCHES

(FROM DISPATCHES TO THE GAZETTE.)

### The Stockton Murder Case.

STOCKTON, September 27.  
Abe Turcott, who murdered Julius Deltrich last Friday, was brought out for examination to-day. A squad of officers was on hand, threats having been made to kill the murderer on sight. The prisoner was taken by a circuitous route to the Court-house, where an examination was held, but the crowd remained around the Justice Court for some time. Owing to the precautions taken, no violence occurred. The prisoner was held to answer for murder in the first degree, without bail. The defendant made no statement and offered no evidence. The main doors leading to the Court-room were then locked, and guarded by the officers to prevent the crowd coming out, and Turcott was led under a strong guard, out through the side door. Sufficient time was allowed the prisoner and guard to get to the jail, when the doors were unlocked, and the spectators, justices and lawyers released from confinement. Somerset and Logan, witnesses of the killing, were discharged from custody after the examination. The evidence shows no provocation for the murder, and the general impression is, this is a hanging case.

### Unceremoniously Ejected.

SAN FRANCISCO, September 27.  
A man named Kelle, who claims to own a quarter section in the famous Sobrasie lands, filed Benjamin Jones to go and live on the property. Late last Tuesday night, the door of the cabin was burst open by a man, whose face was concealed with a white muslin; covering Jones, who was in bed, with a rifle, he ordered him to get up, and as Jones was doing so, fired at him, the ball striking him on the right arm. Jones hurried from the cabin, and as he was walking down the trail saw several men make their appearance, who set to work tearing down the house.

### Another Railroad.

Private advices received here state that Stanford, Huntington and Crocker are rapidly pushing forward the completion of the railroad from Guatemala to the Pacific shore, on one side, and to the Bay of Honduras on the other. It is stated that President Barrios has levied a compulsory tax of four dollars a year for ten years, on all inhabitants whose salary or income exceeds eight dollars a month, to assist in paying for the road.

### The strike of the coal miners in the neighborhood of Connellsville, Pennsylvania, threatens to become general throughout that region.

—The police of Cork, Ireland, have found 500 cartridges for Snider rifles, six bayonets and 50 revolvers concealed in a yard in Peacock Lane.

### The Porte of Turkey has given the great powers notice that in case Bulgaria lapses into a state of anarchy, that he will assume the right to take a hand and restore order.

—The Wool Convention, which has been in session in Chicago for several days, resolved that the tariff on imported wool should be restored to what it was before the reduction, and promise to use every endeavor to bring about this result.

### A long cipher dispatch was received at the Chinese Embassy yesterday, which was stated to be China's answer to proposals submitted by France through Marquis Tseng, but it did not contain a reply to the French memorandum.

### In the New York Democratic Convention to-day, the country members cheered the name of Governor Cleveland; Tammany and Irving Halls remaining quiet; but when the name of Samuel J. Tilden, Jr., was mentioned, it was greeted with great applause.

—The A. T. & S. F. R. R. to-day closed a large sale of lands to Watson & Thropp & Son of Tulelake. It covers all their land remaining unsold between Tulelake and the western line of Maricopa county, about 150 miles. The exact amount of land cannot yet be determined.

SETTLING

Attention is called to the lost man ad. in the 50 cent column.

Pyramid lake trout were being peddled about town last evening.

Eight cars of fat cattle and five cars of emigrants went west this morning.

The little daughter of Orrin Ross is reported as having died yesterday morning.

The Reno market was supplied yesterday with 200 mutton sheep from Honey Lake.

Two cars of California green fruit were attached to the east-bound express this morning.

Twelve cars of beef cattle shipped by Tanborean from Fort Hall, passed west last night.

I. R. Marshall has some fine specimens of Peavine rock, which he brought in yesterday.

Ladies' hand baskets at Naby's, 27 Commercial Row. Thermometer at 7, 9, 11, 1, 3—49, 58, 71, 76, 76.

Louis Masson is so busy filing suits that he hasn't time to file his teeth so he has to live on oat meal mush.

The Palace still "holds the age" on all other Reno hotels; their accommodations being considered superior to any in town.

Next Monday and Tuesday are Rosh Shana, or Jewish New Year. A week from next Monday is Tom Kipper, the greatest Hebrew holiday.

The fire department was called out this afternoon by the burning of a stable on Wheeler's lot formerly owned by Mr. Jackson. The damage was slight.

Josh Lova offers a standing reward of a string of Washoe Lake catfish to any one who can name an article in the grocery list not to be found at A. Lindley & Co's.

The work of providing for the wants of the public has become one of the fine arts. George Becker graduated in a good school, and has every facility known in his line.

The Wine House is a complete institution—all in itself, and depends for its success upon intrinsic merit. The goods sold are pure, and there is no better place to go for liquors of any kind.

Attention is called to today's double sheet WEEKLY GAZETTE, which contains all the news of the past week, as well as all local matters of general interest. Price only \$2, payable in advance.

If you have not seen the new Fall and Winter suits at the White House, lose no time in making an examination, before going elsewhere to purchase. All goods warranted as recommended.

The way Fred Levy has been selling dry goods for the last few days, his shelves will be nearly empty by the time his brother Sol, returns from San Francisco, where he has gone for a full Fall and Winter stock.

Dr. H. Bergstein, late of the Insane Asylum, whose card will be noticed in the GAZETTE, has permanently located in Reno where he will continue the practice of his profession. Dr. B. has more than a local reputation, being well and favorably known all over the State.

The busiest place on Commercial Row, is the hardware store of Kuovies & Bainbridge, where all are kept busy, delivering to cash customers, stoves, ranges, tin and glassware, as well as Wheeler & Wilson's No. 8, improved sewing machines. A visit to their store will more than verify the truth of the above.

THE CARRON GUARDS.

Their Lowest Score Beats All Others.

Colonel Ed. Boyle yesterday sent to Geo. C. Thaxter, to be delivered to the Carson Guard, the trophy offered by him for the best score made by any team of five men from any military company.

Each man had ten shots at the 200 and ten shots at the 500-yard range, says the Carson Tribune.

The Carson Guard having a large number of excellent shots, entered two teams. The first team consisting of Thaxter, Cowing, Saffell, Crawford and Parker, made a total of 440, while the second team, consisting of Cheney, Borgas, Laling, Alley and Slocum, made 442. Two other company teams competed, one made up of five men from the California Inter-State team, and the other from the Emmet Guard of Virginia. The scores of these two teams were as follows: Californians, 438; Emmet Guard, 444. While the scores of either of the Carson teams would have won the trophy, to the second team belongs the honor of winning the beautiful prize.

Caught Again.

Mike Shields came up from Wadsworth with Walker, who is sentenced to 60 days for robbing Ed. Gregory's cabin. He says all his escapes have been captured, except the Chinaman who sold whisky to Indians. Dick Nash caught two in Reno yesterday, and put them in jail here. They will probably be tried for breaking jail, and may be sent to Carson for a longer term.

Empty Wheat.

This year's crop of wheat in Steamboat Valley, and on Truckee Meadows is reported by the threshers to be very scanty.

HORNED CATTLE

The Nation's Grazing Grounds—Stock Entities and Prices.

Irwin, Allen & Co. of Kansas City furnish the following statistics on cattle: The drive from Texas this year was about 280,000, the bulk of which was contracted to northern and western ranchmen at \$15 to \$16½ for yearlings, \$19 to \$22 for 2-year-olds, and \$24 to \$28 for 3-year-olds and cows.

Cows with calves, \$30 to \$35 per head; great grazing grounds of the West, known as the ranching Summer and Winter grazing country, comprises Texas, Arizona, New Mexico, western half of Indian Territory, Kansas, Colorado, Wyoming and Nebraska, Eastern Utah, Western Dakota, Montana, parts of Nevada, and part of Oregon—a country over 2,000 miles north and south by 1,000 east and west. These are the national grazing grounds of America, and into this grazing country Missouri sent 55,000 one and 2-year-old heifers and cows this year; the eastern half of Kansas about 20,000; Iowa about 25,000; Minnesota, 15,000; Eastern Nebraska, 10,000; Arkansas, 15,000; Louisiana, 10,000; Mississippi, 10,000; Tennessee, 5,000; Florida, 15,000; Illinois and Kentucky, about 5,000; and driven into Texas, New Mexico and Arizona from Old Mexico, about 300,000.

Oregon and Washington sent into Montana, Wyoming and Dakota fully 20,000, and into this same country about 20,000 young thoroughbred and high grade bulls were sent from different eastern and middle States. The cost of yearlings from Missouri, Iowa, Kansas and Nebraska was from \$17 to \$21 per head; 2-year-olds, \$23 to \$28 per head; young dry cows, \$30 to \$35 per head. From Arkansas and further south the price per head was from \$3 to \$22, depending on quality, and from Old Mexico, \$10 was a good price for yearlings, \$12 for 2-year-olds, \$16 to \$18 for 3-year-olds and cows, and cows with calves, \$22 to \$25. Prices now asked for stock cattle in Southern Texas, \$30 to \$22½ per head; in Northern Texas, Indian Territory, Arizona and New Mexico, \$25 to \$28, owing to improvement; Western Kansas, Colorado, Wyoming, and further north, \$30 to \$35 per head, owing to quality and improvement. Grade bulls cost from \$25 to \$60 per head for yearlings, \$60 to \$75 for 2-year-olds, thoroughbreds from \$100 to \$300, owing to strain of blood. Movement of Texas cattle, 260,000; from other points, 250,000, making 515,000 young cattle that have changed places.

Sinking Rivers.

Lost river, Idaho, is a hydrographic curiosity. The Boise Statesman says of it: The stream is larger than Wood River, and flows with a good current between solid banks until it reaches the lava plains, where it has heretofore been thought to disappear in the rock. This has, however, been found to be an error, as the course of the stream can be easily traced some 20 miles further, flowing through a cleft in the lava, having changed its course to the northeast, and at last flowing close to the foothills, sinks in an open meadow plain. Some 25 miles beyond Arco, which is situated in the lower part of the Lost river valley, is what is known as the Little Lost river. This stream also ends its course by being lost or sunk in the lower plain.

The Coombs Jury.

A venire for more jurymen was issued yesterday, and made return at 3 o'clock. When it was called two vacancies existed, but by 4 they were filled and the jury sworn. It is as good a jury for intelligence and character as ever sat in a box in this State, and there can be no doubt of the efforts of the members to arrive at a fair verdict. The names and occupations are as follows: J. G. Lova, bookkeeper for A. Lindley; J. Libby, farmer; Mr. Banks, draughtsman; G. E. Tensland, railroad man; E. L. W. Knox, salesman for A. J. Clark; Scott Lake, clerk; P. B. Sheldor, capitalist; M. M. Barnett, grocer; George Jamison, George Doremor and M. Gilling, ranchers, and F. Lemmon, stockman. The examination of witnesses has begun.

Public Documents.

Senator J. P. Jones has designated the Miners' Union library at Virginia City, and the Locomotive Engineers' Library at Carlin, as the repositories of public documents coming from the Interior Department, at Washington.

Mason Valley Crops.

The wheat crop of Mason valley is said to average 30 bushels per acre, being much better than was anticipated before the threshing commenced. What is wanted now is a flourishing mill.

Caught Again.

Constable Terry, of Lovelock, arrived in town yesterday and arrested a man who is supposed to be one of three who recently broke into a house, at the above place, and robbed it of some jewelry.

Not the Man.

Constable Nash went to Truckee last evening to bring down the man who robbed Meyer's cigar stand night before last, but found the man arrested was not the one he was looking for.

Noble Jefferson, the tall Tamarrack of Carson, is in town.

D. L. Bliss, of Carson, returned from the Bay to-day.

Superintendent Patton, of the Comstock, was in town this morning.

H. M. Judge, of Carson, returned from his trip to the mountains to-day.

Dr. F. J. White and wife, of Carson, returned from San Francisco to-day.

Charlie Miller and Walter Hastings went to Long Valley to-day hunting.

Dr. S. L. Lee, of Carson, arrived this morning, to serve as a witness in the Coombs case.

Our fellow townsman, M. J. Smith, is considerably under the weather, but still able to walk about.

L. B. Frankel, the broker, and President Levy, of the Hale & Norcross, came from below this morning.

J. R. Withington, one of the first men who engaged in stock business in Eastern Nevada, was in town this morning.

Louis Westman fell off the Verdi bridge a week ago last Tuesday and hurt himself pretty badly. He is just getting out.

O. T. Barber, formerly of the firm of Gilson & Barber, at Carson and Bodie, came from below to-day on his way to the State Capital.

Mrs. Glenn Crutcher was a passenger on the east-bound express this morning, for Winnemucca, where she will join her husband.

Mrs. Robinson and Miss Twaddle, of Franktown, were passengers to the Bay this morning. And Mrs. D. H. Lodge, of the same place, went to Truckee on a visit to friends.

Northeastern Nevada.

The Escondido Times Review contains the following: A coyote wandered from the valley up into town about three o'clock this morning, and judging from the noise, every dog within fifty miles around joined in the chase as he burned the ground tearing down Main street back into the valley.

There are as nearly as can be estimated, fifty persons in Nevada who entertain the idea of the possibility of United States Senatorial lighting striking them some winter. The list does not include Sharon and other California light-nings rods.

Superintendent Hillman having failed to obtain a supply of water by digging in the vicinity of the Basin mill, has concluded to bring the indispensable element in pipes from a spring about 3,700 feet above. This spring will furnish an abundance of water, and although the expense of piping will be considerable, the showing made in the last few days-run, fully justify the outlay.

An Easy Winner.

Last night, about 10:30 o'clock, Oscar Cobb, and W. F. Tworrels, of Sacramento, sat down at a table in the shooting gallery, on Virginia Street, with some coin in front of them, presumably to have a game. This morning Mr. Tworrels called at Judge Young's office to swear out a warrant for Cobb, saying that while they were at the table, and before a card had been dealt, Cobb had his money down on a 250 piece belonging to Tworrels, picked it up walked off with it. Tworrels is from Sacramento.

A Change of Base.

There is some talk among stockholders of disincorporating the Paradise Valley Mining Company in San Francisco, and incorporating under the laws of Nevada, with the principal office in Winnemucca, says the Silver State. The laws of Nevada are more liberal for corporations than those of California. The company now gives employment to 52 men, and pays out monthly for wages over \$5,000.

A. O. U. W.

The first assessment under the new jurisdiction of the Order of the A. O. U. W., has just been called for, the occasion being the death by a railroad accident, of George Sears of Dillon Lodge, No. 7, at Dillon, Montana, who joined the Order July 17, and was killed on the 22d of August, having been a member about five weeks.

A Tangible Clue.

A Mexican, who was a partner of Bernard Navarre, "Frenchy," who was murdered on a trail, near Beowawe, a few weeks ago, is suspected of having committed the murder. An order, which "Frenchy" was known to have had in his pocket when he left Beowawe, was presented a few days ago by the Mexican.

Opening a New Body of Timber.

Kneeland, Nichols and St. Clair are putting in a fire on the Central Pacific track at Tamarrack to open up a timber patch on the south Yuba. It will take two and a half miles of track of the same gauge as the Central Pacific. It will be a very fine timberland and will keep a lot of men busy for a long while.

Strength and health go together.

Only in a happy way can you get a bottle of Dr. J. C. Ayer's Pills.

Sickness on the Carson River.

The unusual amount of sickness at Dayton and other points along the Carson river, is believed to be occasioned by the unprecedented low stage of water.

In the Stock Business.

The following little bull is the result of Dan De Quille's latest accomplishment. He speaks of the widow of the late Abe Edgerton as "the widow of Abe Edgerton in his lifetime."

Wagon Crossing.

The Verdi bridge is now in daily use. Only the side rails remain to be added, and a little blocking underneath.

Having Admitted the Strength of the Evidence, an Incent Physician Takes Logical Action.

The following letter tells its own story. The signature will be recognized as that of the Physician-in-Chief of the De Quille Home, and author of "Drugs That Enslave," "The Hypodermic Injection of Morphine," "A Manual of Nursing," and many other popular and valuable special medical works:

101 WEST TENTH STREET, NEW YORK, August 11, 1906.

Messrs. SEABURY & JOHNSON, Gentlemen—Like most of my profession, I am somewhat of a pining for faith in any new medicine or curative agent. But your BENSON'S CAPSICUM PLASTER has broken through the barriers and won, in my opinion, my attention was first called to it some eight months ago by a patient of mine. Although I was well acquainted with the superior excellence of your other plaster and anti-septic dressing, made especially for the profession, the Benson's was comparatively new to me. I had heard, however, of its merits as a remedy, in cases of rheumatism, local rheumatism, neuralgia, congestion of the bronchial tubes and lungs, dyspepsia, torpid liver and the like affections, and have since begun to experiment with it personally. I had BENSON'S CAPSICUM PLASTER an exceptionally clear plaster to use and rapid in its action.

Many tests of its qualities, made in my own family and among my patients, have convinced me that there is no other single article so valuable for popular use, nor so helpful in the diseases I have named.

Should you desire to do so you may use my name to that effect.

Very truly yours, H. H. KANE, A. M., M. D.

MISCELLANEOUS.

To Dyspeptics.

The most common signs of Dyspepsia, or indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heartburn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure.

Ayer's Pills are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.
